

**Please move cars off the street so that snow plows can remove the snow or park car on the even side.**

Whenever possible, move parked cars off the street so that snow plows can remove the snow from the street from curb to curb. If you do not have a drive way at your residence, please ask one of your neighbors if you could share their driveway until the streets are clear. If off-street parking is still not available, park on the even side of the street. However, the Town has authorized parking at the Town Center, located at the 4600 block of Queensbury Rd near the rail road tracks.
