INCOME GUIDELINE CHART FOR THE MARYLAND ENERGY ASSISTANCE PROGRAM		
Household Size	MAXIMUM MONTHLY INCOME STANDARDS	MAXIMUM YEARLY INCOME STANDARDS
1	\$1,770	\$21,245
2	\$2,400	\$28,805
3	\$3,030	\$36,356

- **The Office of Home Energy Programs** provides assistance to help you stay warm, stay connected, and help pay past due energy bills.
- **The Maryland Energy Assistance Program (MEAP)** provides financial assistance with home heating bills. Payments are made to the fuel supplier and utility company on the customer's behalf.
- **The Electric Universal Service Program (EUSP)** provides financial assistance with electric bills. Eligible customers receive help that pays a portion of their current electric bills. Customers who receive EUSP are placed on a budget billing plan with their utility company. Budget Billing is a tool that utility companies provide to help spread out annual utility bills into even monthly payments to avoid spikes in your bill caused by seasonal fluctuations in energy use.
- **PAY PAST DUE ELECTRIC BILLS – Arrearage Retirement Assistance** helps customers with large, past due electric bills. If eligible, customers may receive forgiveness of up to \$2,000 towards their past due bill. Customers must have a past due bill of \$300 or greater to be considered eligible. Customers may only receive an arrearage grant once every seven years, with certain exceptions.
- **AVOID TURNOFFS – The Utility Service Protection Program (USPP)** is designed to protect low-income families from utility turn-offs during the heating season. All MEAP eligible customers may participate in USPP. Participation also requires a year-round even monthly budget billing.
