#### **Environment**

• <u>Mosquito Control Program:</u> The Town will once again participate in the Maryland Department of Agriculture's Mosquito Control Program. Spray season began at the end of May and is anticipated to end in mid-September.

Spraying will take place after dark on **Tuesdays** and may continue until midnight or later. Spraying will commence as soon as it is dark. As a precaution, it is advised that residents stay inside their homes and close their windows while the spray truck is in the vicinity, bring in any pets, and remain in the home for 20-30 minutes after the spray truck has passed by. If there are people outside when the truck passes by, no spray will be released, and the truck will not make another pass down that street.

The spray schedule will rotate every 3 weeks meaning that Riverdale Park may not be sprayed each week. The frequency of spraying will be determined by surveillance data collected and

complaints received. In order to determine if your community will be sprayed on its scheduled spray night, please contact 301-422-5080 between 2-4 p.m. that day. Any unscheduled sprayings will be announced on the Maryland Department of Agriculture's webpage www.mda.maryland.gov or on Twitter @MdAgMosquito and @MdAgDept.

For more information regarding the Department of Agriculture's Mosquito Control Program, visit <a href="http://mda.maryland.gov/plants-pests/Pages/mosquito">http://mda.maryland.gov/plants-pests/Pages/mosquito</a> control.aspx.

<u>Calls for Service defined:</u> A call for service is any activity performed by a sworn police officer in the performance of their assigned duties. Calls for service covers both proactive activities such as area checks and traffic enforcement, as well as a portion of field investigative reports, traffic accidents, and response to various incidents. Staff are working to enhance reporting capabilities to more accurately differentiate between proactive police actions and responding to dispatched incidents. The above chart illustrates that at a minimum, 186 or 44 percent of calls for service were proactive actions on the part of the Town's police officers.

Proactive Policing includes traffic safety, business and residential checks, field interviews, and quality of life issues.
