

# US 1 (Baltimore Avenue) Road Resurfacing

## From Albion Road to the Paint Branch Bridge in College Park

### FINAL CONSTRUCTION STARTS NOW

The Maryland State Highway Administration (SHA) has begun the final phase of a \$2.5 million safety and resurfacing project on US 1 (Baltimore Avenue) from Guilford Road to the Paint Branch Bridge in College Park. SHA will remove the top layer of pavement, resurface all lanes of existing roadway and apply new pavement markings.

Pedestrian, business and vehicular access will be maintained during construction. Crews will use electronic message boards, arrow boards, flaggers, construction barrels and construction cones to guide motorists, cyclists and pedestrians through the work zone.

Patrons and travelers near the project are advised that the equipment used during road resurfacing can be loud and disruptive. SHA asks for your patience and cooperation as crews work to complete this project by late fall.

### TEMPORARY LANE CLOSURES

SHA will close a lane or roadway shoulder on US 1 as follows:

- **Northbound and Southbound: Monday through Friday between 9 a.m. and 3 p.m.**
- **Northbound and Southbound: Sunday through Thursday nights between 8:30 p.m. and 5 a.m.**

### QUESTIONS/COMMENTS

The following SHA representatives are available to answer questions about the project:

- **Sam Patel** – Project Engineer, 301-209-7503
- **Peter Keke** – Area Engineer - District 3 Construction, 301-513-7345, [pkeke@sha.state.md.us](mailto:pkeke@sha.state.md.us)
- **Christopher Bishop** – Community Liaison, 301-513-7405, [cbishop@sha.state.md.us](mailto:cbishop@sha.state.md.us)
- **SHA District 3 Office** - Toll-Free 1-800-749-0737, [SHADistrict3@sha.state.md.us](mailto:SHADistrict3@sha.state.md.us)

**Request for Assistance** The Maryland Relay Service can assist teletype users at 7-1-1. SHA will provide a telephonic interpreter for those who need assistance with the English language.

You can also subscribe to the District 3 RSS feed at <http://www.roads.maryland.gov>. As crews work to keep work zones safe, each driver needs to actively modify his or her driving style to help prevent crashes. Stay alert – look for reduced speed limits, narrow driving lanes and highway workers. Slow down and don't follow too closely. *Safer Driving. Safer Work Zones. For Everyone.*
