

## **CONSTRUCTION UPDATE NOTICE**

**Weeks of: September 22, 2014 and September 29, 2014**

### **What to Expect On-Site the Next Two Weeks:**

During the next two weeks of work, the General Contractor, L.F. Jennings, will continue construction of the Whole Foods Market and continue with site utility work.

They will also continue clearing the site, as well as continue removal and haul-off of excess soil, trees and rubble. This will include work along the Route 1 buffer area.

L.F. Jennings will also be performing installation of storm drain outfall piping from Wells Run to the SW corner of the site. These activities will require heavy equipment accessing the site. Two of the construction entrances are located along Route 1 located near both ends of the project site and one entrance at Maryland Avenue.

### **Lane Closures:**

The northbound and southbound curb lanes of Route 1 will be closed periodically between the hours of 9am to 3pm to allow for the installation of the storm drain outfall pipe that goes down the center of the highway between the site and Wells Run.

### **Work Hours:**

Work activity will be taking place Monday – Sunday between the hours of 7 a.m. and 7 p.m.

### **Contact Information:**

For any construction related concerns, please contact Robert Lockhart of Capital Construction Consultants at 202-669-7157 or email at [rlockhart@ccci-dc.com](mailto:rlockhart@ccci-dc.com).
