Subject: Friends of Riverdale Park's Waggertail Dog Park

Dear Residents of the Town of Riverdale Park,

I am pleased to tell you that our Town's long-awaited dog park is almost ready to open. Riverdale Park's Waggertail Dog Park is dedicated to the memory of Judy Glaes who played a pivotal role with the group of residents who made the park into a reality. Now is the time for those who plan to use the dog park to step forward and join a new group, the Friends of Waggertail Dog Park (WDP) and help insure that the dream of the park becomes a successful amenity for all of our dog loving residents.

There are two important dates to note:

- First, the ribbon cutting and official transferal from Park and Planning to Riverdale Park will take place on Monday, July 25th at 6 p.m.
- Second--and MOST IMPORTANT--is the organizing meeting for the Friends of Waggertail Dog Park (WDP) on Wednesday, July 27th at 7:30 p.m. at Town Hall, 5008 Queensbury Road.

The Friends of WDP will provide users a voice to the Town Government to insure the success of this amenity. The establishment of this group is a requirement of the Use Agreement between the Town and Park and Planning. Additionally, the agreement also requires that the Town register users and we want input from users about how that will be accomplished.

We look forward to seeing many interested residents at the Friends of WDP meeting on Wednesday, July 27th at 7:30 p.m. at Town Hall. If you want to participate, but are unable to attend the meeting, please contact Janice Euell at jeuell@riverdaleparkmd.gov or call 301-864-1803.

Sincerely,

Leonard Addison
Acting Town Manager
